

First Aid

Hot Tub Chemicals

(Take this to hospital)

Chlorine **First Aid**

After Inhalation	Move to fresh air, remove contaminated clothing and loosen remaining clothing. Make patient comfortable and keep warm. Keep at rest until fully recovered. If breathing is laboured and patient turns blue, ensure airways are clear and seek medical attention. If breathing stops commence CPR and call for an ambulance.
After Skin Contact	Wash with plenty of water for a minimum of 15 mins and rinse thoroughly. Remove clothing and wash before re-use. If a large area is affected or irritation persists, seek medical attention.
After Eye Contact	Rinse opened eye with running cold water for at least 15 mins, remove contaminated clothing and wash the skin. Seek medical attention urgently, transport to hospital.
After ingestion	Rinse mouth with water immediately, drink water. Do not induce vomiting but if it occurs then place victims face downward and head below hips to prevent vomit entering lungs. Transport to hospital or medical centre.

Alkalinity Plus **First Aid**

After Inhalation	Supply fresh air, if required provide artificial respiration. Keep patient warm, consult a Dr if symptoms persist.
After Skin Contact	Wash with plenty of water for a minimum of 15 mins and rinse thoroughly.
After Eye Contact	Flush eye with cold water for at least 15 mins Seek medical attention immediately.
After ingestion	Drink large quantities if water. Seek medical attention and show the Safety Data sheet in this booklet where possible.

Ph Plus **First Aid**

After Inhalation	Supply fresh air, if breathing is difficult seek medical attention.
After Skin Contact	Generally this product does not irritate the skin
After Eye Contact	Flush eye with cool gently flowing water for at least 20 mins Seek medical attention.
After ingestion	Drink large quantities if water. Seek medical attention if symptoms persist.

1. Identification of the substance/preparation and of the company/undertaking

- **Trade Name:** Stabilised Chlorine Granules
- **Other names** Troclosene Sodium Dihydrate, Sodium Dichloroisocyanurate Dihydrate, Dichlor Granules
- **Intended use of chemical** For disinfection of pool and spa water
- **Manufacturer/Supplier** Complete Pool Controls Ltd, Unit 2, The Park, Stoke Orchard, Bishops Cleeve, Gloucestershire, GL52 7RS.
Tel: +44 (0) 8712 229081 Fax: +44 (0) 8712 229083

2. Composition/information on ingredients

- **Chemical characterization:**
- **CAS No. Description** 51580 - 86 - 0 Sodium Dichloroisocyanurate Dihydrate,

3. Hazard Identification• **Hazard description**

Harmful

Dangerous for the environment

• **Hazard information concerning particular hazards for human and the environment**

- | | |
|--------|---|
| R22 | Harmful if swallowed. |
| R31 | Contact with acids liberates toxic gas. |
| R36/37 | Irritating to eyes and respiratory system. |
| R50/53 | Very toxic to aquatic organisms may cause long term adverse effects in the aquatic environment. |

4. First Aid measures

- **After inhalation:** Move to fresh air. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume the most comfortable position and keep warm. Keep at rest until fully recovered. If breathing is laboured and patient cyanotic (blue), ensure airways are clear and have qualified person give oxygen through a facemask. If breathing has stopped apply artificial respiration at once. In event of cardiac arrest, apply external cardiac massage. Seek medical advice.
- **After skin contact:** Wash thoroughly with plenty of water. Remove contaminated clothing and wash before reuse. If large area of skin is damaged or if irritation persists seek medical attention.
- **After eye contact:** Rinse opened eye for at least minutes under running water. Keep eye wide open while rinsing. Remove clothing if contaminated and wash skin. Urgently seek medical attention. Transport to hospital or medical centre.
- **After Ingestion:** Immediately rinse mouth with water. Give water to drink. Do NOT induce vomiting. If vomiting occurs, place victims face downwards, head lower than hips to prevent vomit entering lungs. Transport to hospital or medical centre.

Reviewed on 12.02.07

1. Identification of the substance/preparation and of the company/undertaking

- **Trade Name:** TA Plus - Sodium Bicarbonate
- **Other names** Sodium Hydrogen Carbonate
- **Intended use of chemical** To increase total alkalinity of pool water
- **Manufacturer/Supplier** Complete Pool Controls Ltd, Unit 2, The Park, Stoke Orchard, Bishops Cleeve, Gloucestershire, GL52 7RS.
Tel: +44 (0) 8712 229081
Fax: +44 (0) 8712 229083

2. Composition/information on ingredients

- **Chemical characterization:**
- **CAS No. Description** 144-55-8 Sodium Bicarbonate
- **EINECS Number:** 205-633-8
- **EC Number:**

3. Hazard Identification

- **Non Hazardous**

4. First Aid measures

- **After inhalation:** Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.
- **After skin contact:** Wash with plenty water for a minimum of 15 minutes and rinse thoroughly.
- **After eye contact:** Flush eyes with cold flowing water for at least 15 minutes. Seek medical attention immediately.
- **After Ingestion:** Drink large quantities of water. Seek medical attention and show this label where possible.

5. Fire fighting measures

- **Special extinguishing media:** Water fog, dry powder or CO₂
- **Special exposure hazards in fire:** Carbon monoxide, Sodium oxide and Sodium carbonate
- **Special protective equipment:** Wear self-contained breathing apparatus and full protective clothing to prevent contact with skin and eyes.

1. Identification of the substance/preparation and of the company/undertaking

• Trade Name:	pH plus
• Other names	Sodium Carbonate, Soda Ash, Alkali
• Intended use of chemical	The preparation of pH regulation
• Manufacturer/Supplier	Complete Pool Controls Ltd, Unit 2, The Park, Stoke Orchard, Bishops Cleeve, Gloucestershire, GL52 7RS. Tel: +44 (0) 8712 229081 Fax: +44 (0) 8712 229083

2. Composition/information on ingredients

• Chemical characterization:	
• CAS No. Description	497-19-8 sodium carbonate
• EINECS Number:	207-838-8
• EU Number:	011-005-00-2

3. Hazard Identification

• Hazardous Description

Xi Irritant

• Hazard information concerning particular hazards for human and the environment

R41 Risk of serious damage to eyes.

4. First Aid measures

• After inhalation:	If inhaled, remove individual to fresh air. If breathing is difficult, have a trained person administer oxygen.
• After skin contact:	Generally the product does not irritate the skin.
• After eye contact:	Immediately flush contaminated eye(s) with cool, gently flowing water for at least 20 minutes. Seek immediate medical attention
• After Ingestion:	If swallowed, drink large amounts of water. Seek medical attention if symptoms persist.
